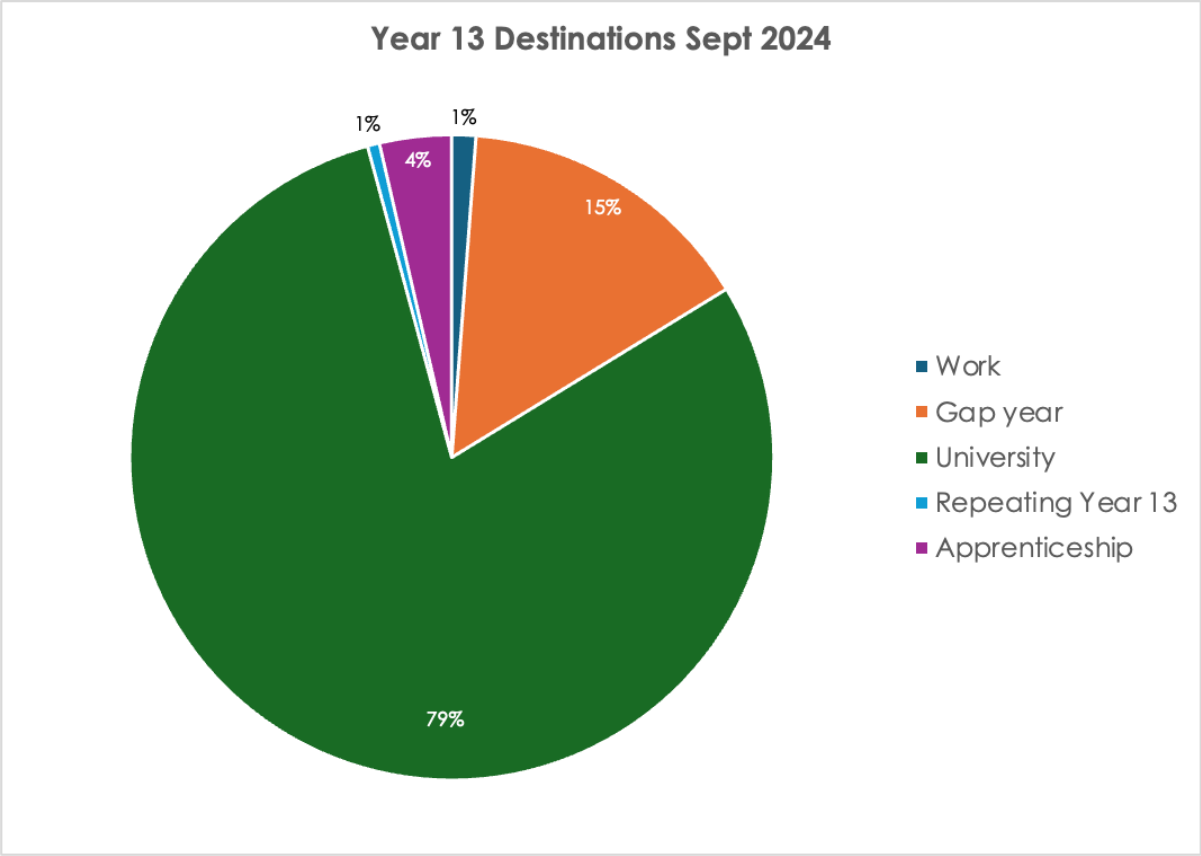
Destinations Data – September 2024



Where do our students go when they leave Sixth Form?

After leaving SJB Sixth Form, many of our students progress to a wide range of universities. This year saw a slight increase in students who are starting Apprenticeships including degree apprenticeships.

University Destinations; 79% of students went on to study at university. The majority received their first choice including Oxford, Cambridge, UCL, Loughborough, Manchester and Warwick universities. 43% accepted a place at a Russell Group University and 70% accepted a place at a Top 30 Sutton Trust University. These universities are deemed to be the most selective, research-intensive universities in the UK.

Apprenticeships; We have seen a significant increase in the number of students successfully gaining places on prestigious apprenticeships. This year 6 students gone on to start an apprenticeship with a further 5 students who are taking a gap year with a view to securing an apprenticeship for Sept 2025.
