

A young man with dark skin and short curly hair is smiling broadly while cooking in a kitchen. He is wearing a dark blue school sweater over a white collared shirt and a blue and white striped tie. He is also wearing a bright red, shiny plastic apron. He is holding a wooden spoon in his right hand and stirring a red pot on a stove. In the background, there is a large window with a view of green foliage outside. On the wall behind him, there is a blue graphic of a cooking pot with steam rising from it. The overall scene is bright and cheerful, suggesting a positive extracurricular activity.

**EXTRACURRICULAR
ACTIVITIES PROGRAMME**
Term 2 24-25

TUESDAY

Year 7

After school

Year 7 Drama Club	E. Clark	ST1
Geography Club	A. Brooks/ A. Jewell	105
Junior Orchestra	C. Davis	82
Warhammer	R. Hockley	103
Homework Club	Learning Support	Hub
Dungeons and Dragons	D. Riding	102
Crochet Club	D. Sawyer	32

Year 8

After school

Geography Club	A. Brooks/ A. Jewell	105
Junior Orchestra	C. Davis	82
Warhammer	R. Hockley	103
Homework Club	Learning Support	Hub
Dungeons and Dragons	D. Riding	102
Crochet Club	D. Sawyer	32

Year 9

After school

Geography Club	A. Brooks/ A. Jewell	105
Junior Orchestra	C. Davis	82
Senior Band	L. Ali	81
Warhammer	R. Hockley	103
Homework Club	Learning Support	Hub
Dungeons and Dragons	D. Riding	102
Crochet Club	D. Sawyer	32

Year 10

After school

Senior Band	L. Ali	81
Warhammer	R. Hockley	103
Homework Club	Learning Support	Hub
Dungeons and Dragons	D. Riding	102

Year 11

After school

Senior Band	L. Ali	81
Warhammer	R. Hockley	103
Homework Club	Learning Support	Hub
Dungeons and Dragons	D. Riding	102

Sixth Form

After school

Senior Band	L. Ali	81
Warhammer	R. Hockley	103
Homework Club	Learning Support	Hub
Dungeons and Dragons	D. Riding	102

WEDNESDAY

Year 7	Lunch	German Club	J. Licence	28
		Strictly SJB Performance Team	H. Dare	ST1
		Book Club	A. Clark	85
	After school	History Club	C. Clay	102
		Junior Band	L. Ali	81

Extra-curricular information

Come and join our live action role play. We will create characters and go on an adventure, fight monsters etc. All abilities welcome.

In our club we are creative and crafty to create simple project and fun designs.

Want to know more about the countries of the languages we study at SJB? Come along to discover more about Spanish, Italian and French culture, including unusual traditions, fantastic festivals and peculiar sayings!

To cook/bake a range of sweet and savoury dishes to increase practical skills and confidence.

German club is for everyone and anyone who has an interest in German or the culture of German speaking countries. We are open to people of all abilities, whether you speak German fluently, not at all or anywhere in between. Some sessions are spent learning the language, some on learning about the culture and some are completely student led.

Geography club aims to develop knowledge and insight among the students regarding the world.

History club gives the students an exciting opportunity to learn about different historical periods and events that we don't have time to study in the classroom in a fun and interactive way. This includes creating your own family coat of arms, investigating who killed the princes in the Tower, translating Egyptian castles, building medieval castles, discussing the accuracy of Horrible Histories, and much more! We look forward to sharing our love of History with you.

Extra-curricular information

Homework club runs every day in the Hub and is open to all. A member of the learning support team will be there to assist students with their homework if needed.

In March 2025 SJB will be putting on Strictly SJB where sixth form and staff dance couples compete to lift the glitterball trophy. If you've ever seen Strictly you will know that (aside from lots of glitter and sparkle) the show always starts with a dance by the professionals - and that is what our performance team will be doing. Over the next few months we will be learning a dance to open both Act 1 and Act 2 of Strictly SJB in March. There will be a range of different dance styles (more to be revealed in our first rehearsal) so all dancers are welcome, no matter your background. If you're not sure, come and talk to Miss Dare (up in Science). I'm looking forward to meeting you all and remember - keep dancing!

Junior Science Club is open to Y7 and Y8 and is an opportunity to try out lots of different, fun and exciting experiments that give the chance to take your science skills beyond the class room.

Mathletics is open to everyone from all years and is focused on problem solving in maths to get students thinking more deeply about the application of maths in the real world as well as more abstract and complex puzzles! It will challenge all abilities and student will be able to work in teams to solve problems and puzzles.

Come along and join our orchestra if you play a musical instrument.

Poetry is an art form that has survived Gilgamesh of the Great Pyramids, where words were written on tablets transformed later into tales of love and romance which weaved through the wet ink of William Wordsworth. Poetry packs prose, literature and music as it merges the movement of academic and creative. Poetry is freethinking, freehand, and most famously, free! If your child is passionate about unlocking the true potential of the pen, then I would love to teach them about the legendary wordsmiths who have used poetry to change the world - and equip them with the skills so that they may do so one day. Remember, "the pen is mightier than the sword."

The CREST award program gives students the chance to design and run their own unique scientific investigations, finding new data and results. The CREST award is a nationally recognised scheme and often seen as a way for students to demonstrate their resilience and independence. Students are recommended to start with Bronze level, before continuing on to the Silver level.

Come along and paint a miniature, both seasoned hobbyist's and new comers alike. We have a selection of starter models for both Warhammer: Age of Sigmar and Warhammer 40,000 for you to paint or bring your own. You can then use these models to play a variety of table top battles against your friends.

Extra-curricular information

Students who enjoy performing, composing, or listening to music explore various musical genres, lyrics, and instruments.

KS3 book club is an exciting opportunity to explore and enjoy a variety of books. You will have the chance to read both as a group and independently, and you will be practicing your oracy skills in order to discuss thoughts and feelings about plot, characters and themes.

In this club you will work with other students to set up your own business while you are at school. You will be selling products at various school events and 50% of your profits will have to be donated to SJB associated charities. The rest is yours to keep. You will get advice and support from the teachers to help you with everything. Please only sign up to this club if you want to start your own business in the future. Attendance is compulsory so if you miss two sessions in a row we will have to withdraw you.

Members come to play, to learn, to teach, and to get together with old friends and make new ones. All abilities welcome! Led by a professional external instructor.

Weekly group for singing and rehearsing together and prepare for and perform at school events.

We will explore a variety of computing activities such as coding, web development, programming circuit boards and much more

The CYMFed Faith in Action Awards recognise that young people help others in their schools and parishes, living out their faith in action. There are Bronze, Silver and Gold levels that are achieved through helping in school and in the wider community. There is an opportunity to reflect upon this to find new ways of living out and exploring faith and also a chance for group and personal reflection.

Drama fun, games, improvisation and performing! If you love Drama, then this is the club for you!
