

# Thinking of Teaching?

## Graduate and Undergraduate Teaching Assistant Placement Scheme 2022/23

# The Role

St John the Baptist School Woking, is facilitating a number of undergraduate and graduate Teaching Assistant placements across the Surrey region, within local Secondary Schools.

There are currently two departments available. You should apply for the department that you are most interested in (and have suitable qualifications in / or are studying for now):

- Science
- Maths

A placement is a great way to find out more about teaching in a real setting and perfect for those considering teaching in the future.

The paid placement will start from 1 September 2022 until 31st July 2023 with an additional 3 week internship available during June/July 2022.

# Why Teach?

Great teachers are in high demand and with good reason! A career in teaching presents challenge, reward and significant opportunities.

There are incentives available to train as a secondary school teacher in certain subjects such as science and maths, often offering bursaries of up to £25,000.

After qualifying from your teacher training, you will benefit from a competitive salary (qualified teachers start at minimum £22,023). A great classroom teacher can earn up to £65K per year as a leading practitioner.

Get all the information you need about a career in teaching and how to get there at

<https://getintoteaching.education.gov.uk/>

# Subject Specific Placements

There are two subject specific areas to choose from—Maths or Science.

As a subject specific Teaching Assistant, you will be working to support students with additional learning needs and helping them to ensure that they are as successful as possible in their lessons.

You will work closely with the class teachers and liaise with them regularly to work on strategies to support specific students.

You will be given the opportunity to take ownership of a small group of students on an intervention programme and monitor their progress—which can be hugely rewarding.

This is a brilliant role if you are considering becoming a subject specific teacher in the future and will give you first hand experience of what is involved.

# Candidate Requirements

For a Subject Specific Teaching Assistant placement (Maths or Science), an A Level is required of minimum Grade B in your chosen subject.

Your degree should also include the subject you are applying for and you should be on track to achieve at least a 2:2.

# Method of Appointment

**Please apply by downloading an application form here.**

The form includes a personal statement.

Please email your completed application form to Mrs M Cooper:  
[m.cooper@sjb.surrey.sch.uk](mailto:m.cooper@sjb.surrey.sch.uk)

Closing Date: Friday 13 May 2022

Interviews: Shortlisted Candidates will be contacted and invited to interview. Interviews may take place face to face or online TBC.

Contract 35 hours per week for 39 weeks (term time only) from 1 September 2022 to 31 July 2023.

Salary:: £17,833 (Full Time Equivalent)

\*We reserve the right to interview before the closing date if required.

# Future Opportunities

## Teaching Training Opportunities

St. John the Baptist School works closely with Teach@SouthEast and the i2iPartnership which provide School Centred Initial Teacher Training (SCITT) and School Direct places for both primary and secondary teachers.
