Term 2

Term 3

	EMERGING	SECURE	DEEPENING	MASTERING
Term 1	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Start a question after I have asked for help <input type="checkbox"/> Identify the method needed to try to get to a solution <input type="checkbox"/> Identify when my answer needs units included 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Start a question by myself without having to ask for help <input type="checkbox"/> Begin to use different methods which can lead to the same results <input type="checkbox"/> Identify relevant units for my answer 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Work by myself to complete a method and arrive at correct answers <input type="checkbox"/> Present my method and answer clearly <input type="checkbox"/> Identify the most efficient method to get a solution <input type="checkbox"/> Include correct units in all my answers 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Show all the appropriate steps in order to arrive at a correct solution. <input type="checkbox"/> Present my solution clearly and accurately (including units) <input type="checkbox"/> Use a skill in order to answer more complex questions drawing on more than one topic
Term 2	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Start a question after I have asked for help <input type="checkbox"/> Identify the method needed to try to get to a solution <input type="checkbox"/> Identify when my answer needs units included 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Start a question by myself without having to ask for help <input type="checkbox"/> Begin to use different methods which can lead to the same results <input type="checkbox"/> Identify relevant units for my answer 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Work by myself to complete a method and arrive at correct answers <input type="checkbox"/> Present my method and answer clearly <input type="checkbox"/> Identify the most efficient method to get a solution <input type="checkbox"/> Include correct units in all my answers 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Show all the appropriate steps in order to arrive at a correct solution. <input type="checkbox"/> Present my solution clearly and accurately (including units) <input type="checkbox"/> Use a skill in order to answer more complex questions drawing on more than one topic
Term 3	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Start a question after I have asked for help <input type="checkbox"/> Identify the method needed to try to get to a solution <input type="checkbox"/> Identify when my answer needs units included 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Start a question by myself without having to ask for help <input type="checkbox"/> Begin to use different methods which can lead to the same results <input type="checkbox"/> Identify relevant units for my answer 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Work by myself to complete a method and arrive at correct answers <input type="checkbox"/> Present my method and answer clearly <input type="checkbox"/> Identify the most efficient method to get a solution <input type="checkbox"/> Include correct units in all my answers 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Show all the appropriate steps in order to arrive at a correct solution. <input type="checkbox"/> Present my solution clearly and accurately (including units) <input type="checkbox"/> Use a skill in order to answer more complex questions drawing on more than one topic

Term 3

Term 2

Term 1

	EMERGING	SECURE	DEEPENING	MASTERING
Term 1	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Describe at least one step needed towards getting a correct answer <input type="checkbox"/> Identify that an answer is incorrect in a worked solution <input type="checkbox"/> Identify where the mistake is in a worked solution (e.g. highlight the mistake) 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Explain verbally the method needed to reach a correct answer <input type="checkbox"/> Write down the steps needed to reach a correct answer <input type="checkbox"/> Show mathematically the whole method needed to reach a correct answer <input type="checkbox"/> Correct mistakes in a worked solution 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Use accurate mathematical key words when verbally explaining the method needed to reach a correct answer <input type="checkbox"/> Use accurate mathematical key words when writing down the correct steps to reach a correct answer <input type="checkbox"/> Identify the misconception behind an incorrect answer in a worked solution 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Explain why a particular method works <input type="checkbox"/> Show how a particular method works <input type="checkbox"/> Generalise the method needed for particular questions
Term 2	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Describe at least one step needed towards getting a correct answer <input type="checkbox"/> Identify that an answer is incorrect in a worked solution <input type="checkbox"/> Identify where the mistake is in a worked solution (e.g. highlight the mistake) 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Explain verbally the method needed to reach a correct answer <input type="checkbox"/> Write down the steps needed to reach a correct answer <input type="checkbox"/> Show mathematically the whole method needed to reach a correct answer <input type="checkbox"/> Correct mistakes in a worked solution 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Use accurate mathematical key words when verbally explaining the method needed to reach a correct answer <input type="checkbox"/> Use accurate mathematical key words when writing down the correct steps to reach a correct answer <input type="checkbox"/> Identify the misconception behind an incorrect answer in a worked solution 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Explain why a particular method works <input type="checkbox"/> Show how a particular method works <input type="checkbox"/> Generalise the method needed for particular questions
Term 3	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Describe at least one step needed towards getting a correct answer <input type="checkbox"/> Identify that an answer is incorrect in a worked solution <input type="checkbox"/> Identify where the mistake is in a worked solution (e.g. highlight the mistake) 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Explain verbally the method needed to reach a correct answer <input type="checkbox"/> Write down the steps needed to reach a correct answer <input type="checkbox"/> Show mathematically the whole method needed to reach a correct answer <input type="checkbox"/> Correct mistakes in a worked 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Use accurate mathematical key words when verbally explaining the method needed to reach a correct answer <input type="checkbox"/> Use accurate mathematical key words when writing down the correct steps to reach a correct answer <input type="checkbox"/> Identify the misconception 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Explain why a particular method works <input type="checkbox"/> Show how a particular method works <input type="checkbox"/> Generalise the method needed for particular questions

Term 1

Term 2

Term 3

	EMERGING	SECURE	DEEPENING	MASTERING
Term 1	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Highlight keywords in a problem <input type="checkbox"/> Identify the key mathematical skill I need to use to start to solve a problem <input type="checkbox"/> Attempt to draw a diagram to represent a problem 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Identify multiple mathematical skills that I need to use to solve a problem <input type="checkbox"/> Work by myself to complete the correct first step in answering a problem <input type="checkbox"/> Draw a relevant diagram to help me start answering it 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Order the steps necessary in answering a multiple step problem <input type="checkbox"/> Work by myself to complete all correct steps in a multiple step problem <input type="checkbox"/> Present my method clearly including a diagram and units when necessary 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Identify and write down all the steps needed to solve a multiple step problem when more than one topic is needed <input type="checkbox"/> Present my method and solution to a problem clearly and accurately including a diagram and units when necessary <input type="checkbox"/> Answer a multiple step problem in the most efficient way
Term 2	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Highlight keywords in a problem <input type="checkbox"/> Identify the key mathematical skill I need to use to start to solve a problem <input type="checkbox"/> Attempt to draw a diagram to represent a problem 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Identify multiple mathematical skills that I need to use to solve a problem <input type="checkbox"/> Work by myself to complete the correct first step in answering a problem <input type="checkbox"/> Draw a relevant diagram to help me start answering it 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Order the steps necessary in answering a multiple step problem <input type="checkbox"/> Work by myself to complete all correct steps in a multiple step problem <input type="checkbox"/> Present my method clearly including a diagram and units when necessary 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Identify and write down all the steps needed to solve a multiple step problem when more than one topic is needed <input type="checkbox"/> Present my method and solution to a problem clearly and accurately including a diagram and units when necessary <input type="checkbox"/> Answer a multiple step problem in the most efficient way
Term 3	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Highlight keywords in a problem <input type="checkbox"/> Identify the key mathematical skill I need to use to start to solve a problem <input type="checkbox"/> Attempt to draw a diagram 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Identify multiple mathematical skills that I need to use to solve a problem <input type="checkbox"/> Work by myself to complete the correct first step in answering a problem 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Order the steps necessary in answering a multiple step problem <input type="checkbox"/> Work by myself to complete all correct steps in a multiple step problem <input type="checkbox"/> Present my method clearly 	<p>I can:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Identify and write down all the steps needed to solve a multiple step problem when more than one topic is needed <input type="checkbox"/> Present my method and solution to a problem clearly
